E11189 DiagRA-LE for Volkswagen Group MQB Motorsport **859 EUR**
With integrated flash programming function
 –single license-
 Platforms: Windows 7 (32/64), Windows 10 license(s)

Important delivery advice for our software licences:
 Our software licences are allocated in the name of each user. Licences are delivered per e-mail or download (if specially requested they can also be supplied on a CD). The license is unlocked using a hardware bound license key. In order to deal with your order we therefore require the following details for each licence for the handling of your order: **Full name, department and e-mail address of licensee, update recipient (if different) and a contact person for software maintenance subscription.**
 Please note especially that these details will be recorded on the order. Transferring the licenses to new hardware is free if the license is on an active maintenance contract. If the maintenance has expired a change of hardware is subject to a transfer service fee.

W11189 Software Maintenance DiagRA LE for **100 EUR**
Volkswagen Group MQB Motorsport
 charge per license per annum Times/Years
 Software maintenance for the software DiagRA-LE (PC-version)
 The delivery of the updates will take place by e-mail or by download.

Advice on software maintenance:
 Included in the maintenance contract for our software license is a free updating service and transfers to new hardware. The support charges for one calendar year are currently payable in advance. Delivery of updates within the scope of the maintenance contract will take place via e-mail or download.

153024 Interface I+ME LiteXS **285 EUR**
 Diagnostics Interface for CAN and K line; Connection to PC via USB.
 The Interface is integrated into a CARB OBDII- plug. piece(s)

All hardware and software components apart from the software Volkswagen Group MQB Motorsport are procured by RA Consulting GmbH from other manufacturers. Their guarantee conditions and periods are therefore valid. RA Consulting will not accept expanded guarantees for these components and offers no support.
 In particular the maintenance contract does not apply to these components.
 RA Consulting GmbH will endeavour to carry out the delivery as soon as possible after the receipt of an order. But it is unfortunately not possible for RA Consulting to guarantee fixed delivery periods due to possible supply difficulties on the part of the hardware suppliers.

Terms of delivery: FCA, RA Consulting GmbH, Bruchsal (Incoterms 2010).
 For the delivery of the goods we will add the dispatch costs, which we incur, to the prices given above. The delivery will take place by the courier service UPS. If you want another forwarder for the shipment it is necessary that you inform us about the desired forwarder.
Deliveries inside Germany are cost free.

 city, date signature/company stamp

All prices are excluding VAT . Prices are subject to change without notice. A contract is established on written acceptance of an order by RA Consulting or when both parties have signed a contractual document. RA Consulting's general terms and conditions, as well as relevant specific terms and conditions (e.g. software license, software maintenance, contract of service) are supplementary to the signed agreement. All relevant documents relating to terms and conditions are available for download at [http:// www.rac.de/agg](http://www.rac.de/agg).
